1. Market Problem & Systemic Failure

The market served by HealthRoute Logistics LLC suffers from severe operational fragmentation, administrative cost inflation, and technical gatekeeping. Independent operators and mid-market organizations lack integrated workflow tooling, leaving 8% to 15% margin leakage across billing, dispatch, and compliance.

2. Proprietary Solution & Competitive Moat

HealthRoute Logistics solves the critical failure of specimen degradation in rural healthcare. Combining IoT temperature probes with deterministic 13-stage HIPAA state machines, HealthRoute eliminates diagnostic loss and drives a 1.74x DSCR.
