The 5-Question Underwriting Funding Request

TOTAL FINANCING	BONDING CAPACITY	SIGNED LOIS	DSCR COVERAGE
$500,000	**$9,000,000**	**$590,000**	**2.90x**
SBA 7(a) & Draw Line	SBA SBG Guarantee	2 Institutional Partners	Year 1 Debt Service

Question 1: How Much Capital Is Requested?

$500,000 Debt + $200,000 DOE Grant

Question 2: Why Is the Capital Needed?

To fulfill our signed $590,000 commercial LOI backlog by securing essential operating assets, licensing software telematics, and providing working capital reserves.

Question 3: What Exactly Will the Capital Buy?

ALLOCATION CATEGORY	AMOUNT ($)	OPERATIONAL JUSTIFICATION
Field Diagnostic Equipment & Fleet	$110,000	2 Outfitted service vans, blower door kits, FLIR cameras
Progress Draw Mobilization Escrow	$150,000	Material escrow deposits for bonded public contracts
Working Capital & Payroll Reserve	$140,000	90-day payroll runway for 2 lead superintendents
Software Platform Scaling	$60,000	Mobile app offline sync and camera AI integration
Legal, SBA Fees & Closing Costs	$40,000	Statutory loan origination and surety brokerage fees

Question 4: What Does the Capital Produce?

Generates $1,492,000 in Year 1 revenue and $182,600 in EBITDA, covering all annual debt service at a rock-solid 2.90x DSCR.

Question 5: What Happens Without This Funding?

Without funding, operational scaling is constrained to self-funded cash flow, forfeiting market timing and delaying execution on signed commercial LOI partner commitments.
