---	--	---	---

Question 1: How Much Capital Is Requested?

\$370,000 Total Facility (\$250K CDFI Loan + \$120K Vehicle Lease)

Question 2: Why Is the Capital Needed?

To fulfill our signed \$237,600 commercial LOI backlog by securing essential operating assets, licensing software telematics, and providing working capital reserves.

Question 3: What Exactly Will the Capital Buy?

ALLOCATION CATEGORY	AMOUNT (\$)	OPERATIONAL JUSTIFICATION
2 Ford Transit 250 Reefer Vans	\$120,000	Commercial lease allocation for 2 dedicated temperature-controlled vans
Fleet Down Payment & Upfitting	\$70,000	Thermo King dual-zone reefer units, medical racking, NIST dataloggers
Clinical Dispatch & Driver Payroll	\$110,000	90-Day salary runway for lead dispatcher and 4 certified drivers
HIPAA Security & Insurance Umbrella	\$45,000	\$5M Healthcare logistics liability insurance & cybersecurity audit
CDFI Closing & Legal Fees	\$25,000	Loan origination, legal counsel, regulatory healthcare filings

Question 4: What Does the Capital Produce?

Generates \$683,500 in Year 1 revenue and \$132,100 in EBITDA, covering all annual debt service at a rock-solid 1.74x DSCR.

Question 5: What Happens Without This Funding?

Without funding, operational scaling is constrained to self-funded cash flow, forfeiting market timing and delaying execution on signed commercial LOI partner commitments.
