

The 5-Question Underwriting Funding Request

TOTAL FACILITIES \$850,000 SBA 7(a) + Factoring	GROSS MARKUP 34.7% Spread on Placed Labor	SIGNED LOIS \$600,000 Warehouse & Trade Cohorts	PROJECTED DSCR 2.95x Year 1 Debt Service
--	--	--	---

Question 1: How Much Capital Is Requested?

\$850,000 Total (\$500K SBA 7(a) Term Loan + \$350K Factoring Line)

Question 2: Why Is the Capital Needed?

To fulfill our signed \$600,000 commercial LOI backlog by securing essential operating assets, licensing software telematics, and providing working capital reserves.

Question 3: What Exactly Will the Capital Buy?

ALLOCATION CATEGORY	AMOUNT (\$)	OPERATIONAL JUSTIFICATION
Weekly Payroll Advance Facility	\$350,000	Revolving float covering contractor wages prior to client collections
Workforce Sourcing & Ontology AI	\$175,000	12-layer skill extraction engine integrated with state workforce data
Talent Operations Staffing Runway	\$150,000	12-Month salary runway for Lead Workforce Coordinator and Recruiter
Statutory Workers' Comp & Insurance	\$85,000	Escrow deposit for high-limit staffing liability, EPLI, and workers' comp
Compliance & Verification Gateway	\$45,000	Automated I-9/W-4, E-Verify, and instant background check integrations
SBA Loan Origination & Closing Fees	\$45,000	Bank packaging, statutory guarantee fees, and legal closing costs

Question 4: What Does the Capital Produce?

Generates \$1,420,000 in Year 1 revenue and \$227,200 in EBITDA, covering all annual debt service at a rock-solid 2.95x DSCR.

Question 5: What Happens Without This Funding?

Without funding, operational scaling is constrained to self-funded cash flow, forfeiting market timing and delaying execution on signed commercial LOI partner commitments.
